The Indiana Senatorable.

From the Baltimore Sun. In the Indiana legislature Wednesday Hon. David Turple, the Democrat caucus nominee, was elected to the United States Senate over the Rop. Benjamin Harrison, present sens tor and the Republican caucus nomines for re-election. This result was brought about by Mt. Robinson, one of the four labor men bers, voting for Mr. Turple. The other three labor members voted for Harrison. The Indiana legislature is composed of 150 mem-bers, 50 senators and 100 delegates, and the vote stood, Turple 76, and Harrison 74, thus giving Turple a majority of one on a full vote of both houses. Speaker Sayre, of the House, who is a Republican, announced that there was no election, but President Smith, of the Senate, who is a Democrat, quickly declared that Mr. Turple had been already jared that Mr. Turple had be The Republicans continued to kick, and re-solved to have another joint session to day, but it is to be presumed the "sober second thought" will convince them of the futility though! will convince them of the attainty of such a proceeding. Each House of the legislature is the judge of the qualifications of its own members, and the fact that the Kepublicans recognized this by meeting in joint session daily for two weeks should estop them from setting up a claim of "foul" now.
It is certainly not reasonable to presume that
Senator Harrison, who is a gentleman of
Suracter and ability, would lend himself to
any such scheme. The new senator, Mr.
Turple, is the peer of any of the public men
of Indians. He is a native of Ohio, and was
barn in 1809. He removed to Indiana while born in 1829. He removed to Indiana white still quite young, and began the practice of law. He was a member of the leg-sulature in 1852, and speaker of the flouse in 1858. In 1854 he was appointed judge of the common pleas court, and became a ciuit court judge later, but resigned both here positions. In 1830 he was nominated or lieutenant governor on the Democratic icket, but was defeated. In 1863 he was ected to the United States Senate to fill a vacancy caused by the expulsion of Hon. Jesse D. Bright, who had given a friend a letter of introduction to the Hon. Jetlerson In the Senate he showed himself ell equipped for service on the floor and ell versed in parliamentary tactics. As a lawyer he is said to be remarkably thorough and logical, going straight to the marrow of all cases he undertakes to argue. Last year he was appointed United States district attorney of Indiana by President Cleveland. He is a Democrat of the cld school and does

not believe in civil service reform at present. The Effects of Mental Exhaustion Many disea es, especially those of the nervous tal exhaustion. Business avocations often involve an amount of mental wear and tear very prejucified to physical health, and the professions, if ardnowsly pursued, are no less destructive to brain and nerve tissue. It is one of the most important attributes of Hostetter's Stemach Bitters, that it compensates for this undue less of tissue, and that it imparts new energy to the brain and nerves. The rapidity with which it renews weakened mental energy and physical vitality is remarkable, and shows that its invigorating properties are of the highest order. Besides increasing vital stamina, and counteracting the effects of mental exhaustion, this potential medicine cures and prevents fever and aga, rhoundaism, chronic dyspepsa and constipation, kidney and uterine weakness and other compaints. Physicians also recommend it as a medicated slip ulant and remedy. tal exhaustion. Business avocations often in

THE PHILOSOPHY OF LIFE. The philosophy of Francis Bacon is the philosophy of life. "Despise no new accident in the body," said he, "but ask opinion of it; in siekness principally respect health, and in health action." There are many so called slight affections which men think it brave not to notice. tions which men thing it brave not to notice. It is not bravery; it is folly. As Bacon says, "despise no new accident in the body." Eran-prent's Fills will remove effectually and at once a thousand and one of the little lils of life that often, if neglected, take years to cure. Be sure to have with you always a box of Brandester's Pills.

Renews Her Youth. Mrs. Phoebe Chesiev, Peterson, Clay Co. lowa, tells the following remarkable story, the truth of which is vouched for by the residents of the town: "I am 73 years old, have been troubled with kidney complete and lameness for many years could not dress myself without help. Now I am free from all pain and soreness and an able to do all my own housework. I owe by thanks to Electric Bitters for having recewed my youth, and removed completely all disease and pain." After Diphtheria

The patient recovers strength slowly, as the system is weak and debilitated, and the blood polsened by the ravages of the disease. What is needed is a good reliable tone and blood purifier like Hood's Sarasparitia, which has just the cloments of strength for the bedy, and vitality and richness for the blood which soon bring back robust health. After scarlet fever or pneumonia it is also of great benefit.

"After recovering from a prolonged sickness with diphtheria, and needing something to build me up, I took two bottles of Hood's Sarasparilla. I felt good results from the first does, it seemed to go from the top of my head to the ends of my toes. I knew Hood's Parsaparilla is a good thing," to H. Stratton, Bruggist, West field, Mass.

FRADE S.S.S. MARK

About twenty years ago I discovered a little sore on my cheek, and the doctors pronounced it cancer. I have tried a number of physicians, but without receiving any permanent benefit. Among the number were one or two specialitis. The medicine they applied was like fire to the sore, causing intense pain. I saw a statement in the papers telling what: S. S. had done for others similarly afficted. I procured some at once. Before I had used the second bottle the neighbors could notice that my cancer was heighbors could notice that my cancer was healing up. My general health had been bad for two or three years—I had a hacking cough and spit blood continually. I had a severe pain in my bresst. After taking six bottles of 8, 8, 8, my cough left me and I grew stouter than I had been for several years. My cancer has healed over a libt a little spot about the size of a half dime, and it is rapidly disappearing. I would advise everyone with cancer to give 8, 8, 8, a fair trial.
